User's Manual
# for
EleShop(Electronics Store)
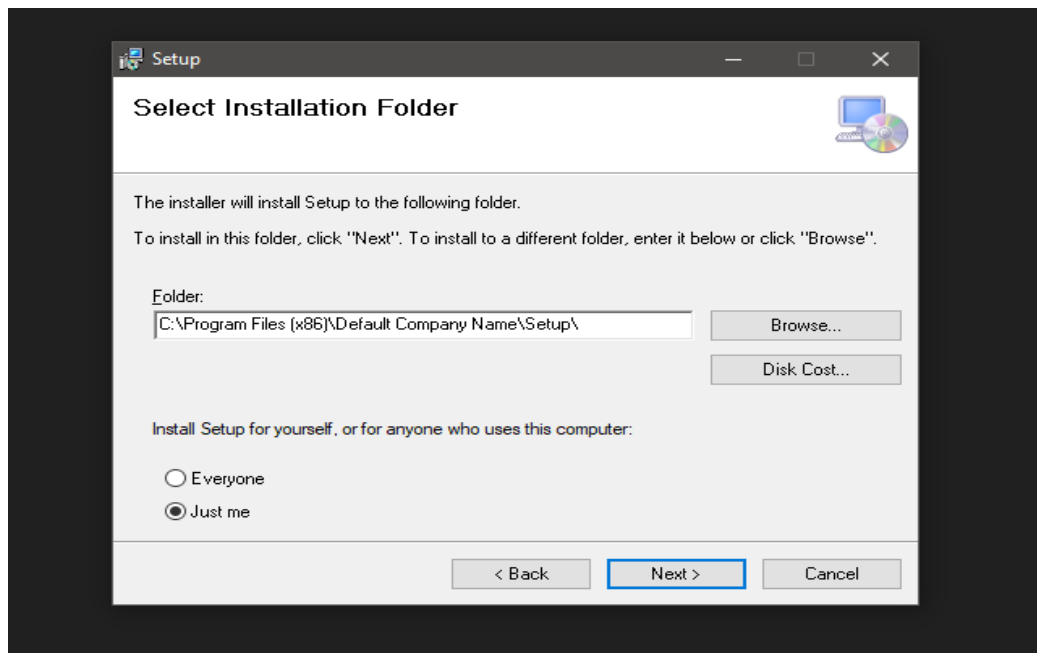

Step 1: Locate the Setup.exe file

Step 2: Double-click the Setup.exe or click right-mouse button and select Install

**Step 3:** A window will appear and just click Next

Step 4: Browse the folder where you wanted the application to be installed and click Next

Step 5: Click Next

Step 6: The installation process will begin and just wait until it is finished. Once installation is complete, just click Close and find the installed program on your desktop.
